

Archie the Mutt Maestro by ERIK NIELS

Erik is a cartoonist, dog artist, and paper artist. Erik's life has taken him from Munich, Germany to the Washington, DC suburbs, to London, and for the last 20 years to Austin, TX. Austin is a tech town and Erik spent many years working on online content. Austin is also a creative town and the supportive community was just what he needed to transition, finally, to full-time creative work.
